History

In 2017 the E.J. Noble Guild of Canton and Potsdam Hospital Guild Inc. merged to combine fundraising efforts under the new name of the Canton-Potsdam Hospital Guild, Inc. Over the years, the guild has fostered a valuable connection between CPH and surrounding communities. Both original guilds had their beginnings in the mid 1930's.

*Our success is due in large part to community members, like you, working with us to help make our hospital the best it can be. Your dues alone will help greatly, and your time and talents will help even more.
